

Dear FCC,

It has come to my attention that the proposed expansion of LPFM service may force national and regional services such as K-LOVE Radio off the air. K-LOVE serves hundreds of thousands of listeners, providing positive family programming and promoting wholesome values. It provides informative news and supports community programs throughout the world, providing fundraising venues for many charity organizations. This is the only radio station available that is guaranteed to be family-friendly at all times, and it losing it would be a devastating loss to the community. Please act to keep LPFM from forcing current FM translator service off the air.
